

Chittepu Lavanya

Phone: 6300750730 | lavanyareddy29.05@gmail.com | [LinkedIn](#) | [Github](#)

Computer Science undergraduate with strong foundations in Python, Data Structures, and Object-Oriented Programming. Passionate about software development, problem-solving, and emerging technologies such as Machine Learning and Blockchain. Experienced in hackathons, project development, and collaborative learning environments.

EDUCATION

- Siddhartha Institute of Engineering and Technology *Aug 2023 – Aug 2027*
Bachelor of technology in computer science – CGPA : 8.83
- Vijetha junior College *June 2021 – march 2023*
Telangana State Board of Intermediate Education(TSBIE) – marks : 977
- TS RESDL School(Girls) *June 2015 – May 2021*
Telangana Board of Secondary Education – CGPA : 10.0

EXPERIENCE

BLOCKCHAIN INTERN | ARTHACHAIN (ONLINE)

July 2025 – Oct 2025

- Learned core blockchain concepts including smart contracts, Web3 basics, and decentralized systems.
- Completed guided tasks and practical exercises to understand real-world blockchain workflows.
- Built a mini-project **CertiChain**, a blockchain-based certificate verification system demonstrating secure and tamper-proof record storage.

PROJECTS

1.Smart India Hackathon (SIH 2025) – Participant

- Problem Statement: SIH1637 — Mobile App for Direct Market Access for Farmers
Theme: Agriculture, FoodTech & Rural Development
 - Built a prototype in **Android Studio** enabling farmers to directly access markets and sell produce without middlemen.
 - Added farmer-friendly features such as **AI voice assistant**, **simple UI**, and **support for illiterate users**, ensuring accessibility for all age groups.
 - Worked on user flow, feature design, and solution architecture focused on rural usability and digital inclusion.

2. CertiChain – Blockchain Certificate Verification (Team Project)

- Collaborated on building a blockchain-based system that issues and verifies digital certificates securely.
- Implemented decentralized storage and smart contract logic to prevent certificate tampering and improve verification efficiency

TECHNICAL SKILLS

- Languages : C , C++ , Python, SQL / databases (MySQL, MongoDB)
- Tools & Technologies : VS Code, Git Hub , HTML , CSS , JavaScript, React.js / Node.js
- Coursework : Data Structures,Machine Learning , object oriented, programming(OOP)
